■ Course Information

Target Audience: This course is designed for Air Force Special Operations personnel filling or programmed for a position requiring knowledge of joint US special operations. The course is available to all others on a space available basis.

Description: ISOC examines the historical evolution, development, organization, and mission activities of US Special Operations Command and its components. It provides a working knowledge of Air Force special operation forces and emphasizes the joint perspective. The course uses personal accounts from elite AFSOF warriors to analyze select special operations missions. A static display familiarizes students with air and special tactics hardware and capabilities. Range Demonstration gives a visual perspective of AFSOC ground capabilities.

Course Enrollment: The course you have selected is an Open Enrollment course. This course requires no prior approval from USAFSOS faculty and course quota can be requested directly. Students may enroll for this course via BlackBoard, or by obtaining a training line number from their unit training manager. For Blackboard direct enrollment, go to the BlackBoard link below and follow the instructions. If enrolling through unit training manager (Open Enrollment link above) supply the PDS code found in the above panel, and course dates to your local training manager who will in turn reserve a course quota for you in the training system. All students should request a USAFSOS Blackboard account which enables access to specific course materials. To access Blackboard, copy and paste the following address into your browser's address bar: **https://afsoc.blackboard.com.** (We are currently unable to link directly to the USAFSOS Blackboard site per AFI 33-129, paragraph 6.91.)
